(We are in Cannery Row in a Studio inside Refuel Total Fitness)

Photographing families, headshots, seniors and individuals.

We are a fine art portrait studio creating portraits of the people you love. Choose from an elegant choice of framed wall art, matted prints, reveal boxes that contain your photos with a window to view what you want, or acrylic collages.

The Experience. When you book with our studio I will contact you to talk about the type of products you have in mind for your home, suggestions on what to wear for your session and answer any questions you might have. During your photo session you can sit back and relax, I will guide you on posing. When photos are complete we can have a Zoom session to reveal your portraits, or you can come back to the studio and we can view them on a large screen. You purchase only the ones you love, of course and your photos are ready in 2-3 weeks.

Headshots. The Sessions are short and sweet because I know you're busy. you can view your photos on a monitor immediately and choose before you leave the studio. Photos are edited and sent to you within a week.

Seniors. What an exciting time of the year for both students and parents. I'm here to create photos that say who you are - right now. These are important "time-capsule" photos. I offer various locations and wardrobe changes. For something a little different you are always welcome to come to the studio. Let's tell the story of you.

If you have questions please feel free to give me a call.
