

Rustiques

235 Murray Street
Newark, NY
(585) 626-0307

In the spring of 2014, Rustiques was opened by Elizabeth Pool, working together with David Almond to design & build an interesting environment to inspire ideas & provide people with the items they can use to decorate, create & collect.

Get lost in two stories of unique items that
bring memories & build collections.

Open Tuesday - Sunday 9am-5pm

For years, they have worked together exploring Upstate NY & the Finger Lakes areas searching old barns & estates for lost & forgotten objects. Building Rustiques allowed them to finally share these items with the general public.

The doors were opened with only a few rooms full of unique items. Only a year later, with the help of family, friends & vendors, it expanded greatly; including a second story & a warehouse, covering about 8000 square feet.

With now close to 20 different vendors, Rustiques provides a variety of different, interesting treasures. They also specialize in finding specific & unusual items for individuals & have the ability to clean out entire estates quickly with little to no waste.
