

Business Profile: Ruffalo Appliance Sales & Service

About Us

"Ruffalo Appliance Sales and Service" was formed back in the early 1980's. Working with his Uncle Skip from a local garage, a young Mitch Ruffalo developed his technical acumen for appliance repairs. Over the years, Ruffalo Appliance grew into a business that today is one of the pillars of our community. Along the way with Mitch's vision and guidance, the Ruffalo name has expanded into "Ruffalo's Water Treatment Services" and "Ruffalo's Sewer and Drain Cleaning". In addition, Mitch recently acquired "Lagana Plumbing and Heating", which brought with it 65 years of satisfied customers. Altogether, we now have four great businesses to serve your needs.

Call us today!

Appliances

Ruffalo Appliance sells name brand appliances, including: Frigidaire, GE, Whirlpool, Maytag, Bosch, Speed Queen, Amana, and Samsung. We also sell name brand TV's and electronics, from manufacturers such as Sony, Samsung, LG, Sansui, and Toshiba. We offer 12 months interest free financing. Stop in or call our experienced Sales Team for more information.

Our factory trained service technicians are able to repair and maintain most name brand appliances. Our Service Department has over 30 years of experience in repairing appliances. For the most professional service in the area call Ruffalo Appliance.

Plumbing & Heating

Lagana Plumbing and Heating has been in business since 1948. We offer a complete line of sales, service, and installation of residential and commercial boiler systems, air conditioners, furnaces, water heaters, and all plumbing needs. In addition to being your authorized Trane dealer, we carry high quality brand names such as Bradford White, Goulds, Kohler, American Standard, and Gerber. We are here for you 24 hours a day.

Sewer Treatment

Spurred by requests from customers for high capacity drain cleaning capabilities, we have expanded, and created "Ruffalo's Sewer and Drain Cleaning". We are able to handle any size line blockage, and we are equipped to clear residential, commercial and industrial lines. Along with mechanical line clearing equipment, we have specialized capabilities including a high pressure water jet rig, and remote controlled video inspections to ensure all blockages have been fully cleared.
