

The Nutty Goat & Co., a Home Décor & Gift Store with a Boutique feel has opened at 110 High Street. They have Primitives, Farmhouse, Log Cabin, Laundry, Candles, Goat Milk Products, Summertime, Seasonal Decorations and much more!

Some background on the owners, Tracy and Gene Zornow: Gene and I grew up in Newark, and our hearts are here. We started dating at a very young age and have been married for 34 years this year. We have 3 adult children who have their own families now. We have 5 grandchildren and a new granddaughter on the way in May 2024. Through the years we have discovered that one of our most favorite things to do together is to work on beautifying our home. We are constantly remodeling or changing things around. I think I could have guessed years ago that one day we would own and operate a home décor store together. He loves building the things and I love decorating them. We hope you find time to stop in and see us!
