

Education

Educational facilities within the Village range from Head Start and preschool programs to the Newark Public School system (which has classes from kindergarten through grade 12) to Finger Lakes Community College.

[Head Start](#) is a government sponsored preschool program aimed at helping qualified children to prepare for general education. Other private preschool organizations also exist within the Village whose aim is to provide day care while preparing children for elementary school.

[Roosevelt Children's Center](#) provides quality program services for special needs children and the [Wayne ARC](#) offers services to meet the needs of people with disabilities and their families.
